

Motion to change the IVV Guidelines

of the Deutscher Volkssportverband e.V. (DVV) to the IVV Congress of Delegates 2016

if accepted valid from 1 January 2017

B. Kind of events

II. Cycling

1. Cycling day(s)

OLD:

a. The cycling trail has to be at least 20 km. Longer distances are possible.

NEW:

a. The cycling trail has to be at least 10 km. Longer distances are possible.

2. Permanent Cycling Trails

OLD

a. The distance has to be at least 20 km. Longer distances can be offered.

NEW

a. The distance has to be at least 10 km. Longer distances can be offered.

Rationale:

At the Volkssport type Cycling it should be possible for the organizers to offer shorter distances of 10 km and up, to create an offer for elderly people, families and children. This has been realized at the Volkssport type Walking with the 5 km distance, but not yet at the Volkssport type Cycling.

Altötting, 3 March 2016

President
des Deutschen Volkssportverbandes e.V. (DVV)
